Output 5 - Replicability Templates

1. Replicability Template for Children's Activities – Enriching and Extending the Results of Intellectual Output O2

The replicability template for Children's Stories has been developed in the form of a document template to describe new Stories and publishing them in the MultiLib repository in the form of a .doc. The template is the following:

Title in **\<lang\>**	**\<TITLE\>**

Picture \<n\> \<Link to image file\> \<Link to audio file\>	\<Text for Picture n\>

\<Replicate the above row for each picture in the story\>

2. Replicability Template for Children's Activities – Enriching and Extending the Results of Intellectual Output O2

The replicability template for Children's Activities has been developed in the form of a document template to describe new Children Activities and publishing them in the MultiLib repository in the form of a .doc or .pdf document. The template is the following:

AGE: \<from\>-\<to\>
\<state if more space needed\>

\<id\> \<TITLE\>

METACOMPETENCES
- \<List of metacompetences taken from the following list: Understanding/Acceptance, Communication, Commitment, Inclusivity, Individual and collective Responsibility, Empathy, Resilience, Leadership, Self-awareness & Self-empowerment, Creativity\>

KEY WORDS
- \<List of keywords\>

AIM
- \<aim 1\>

- <aim 2>
- ...

TIME
<min>-<max> <time units>

MATERIALS
<List of materials>

PROCEDURE
1. <Step 1>
2. <Step 2>
3. ...

HOW TO STIMULATE REFLECTION
1. <Question 1>
2. <Question 2>
3. ...

!
- <Note 1>
- <Note 2>
- ...

SOURCE OF THE ACTIVITY
<Referenct to the source of the activity, if any>

3. Replicability Template for Case Studies – Enriching and Extending the Results of Intellectual Output O4

The replicability template for Case Studies Activities has been developed in the form of a document template to describe new Case Studies and publishing them in the MultiLib as a .doc or .pdf document. The template is the following:

1. Title

<Short introduction (max 50-60 words)>

Partners	
School Involved in the piloting	
Venue	
Date/s and Time	
Art Form	

Names of the teachers and the artists involved in the piloting	
Students' age	
Number of students	
Duration of the piloting	
Teaching Aids	

The school: <school>
Previous similar experiences: <previous experiences>
Prerequisite Student Knowledge: <prerequisites>

Procedure:

1) <Step 1>
2) <Step 2>
3) ...

Outcomes:
Through this practices the students:
- <Outcome 1>
- <Outcome 2>
- …

Observations:
Notes based on the interview with the students and the teachers

- <Reflection from the students>
- <Reflections from the teachers>

Findings and conclusion:
<Report on major finding and present the main conclusions>
